Special State-Defense Study Group

MEMORANDUM FOR THE DIRECTOR OF CENTRAL INTELLIGENCE

SUBJECT: Personnel Augmentation for Special State-Defense Study
Group Study to Determine Overseas Base Requirements

1. The Special State-Defense Study Group has been directed to conduct a study of U.S. overseas base requirements through the next decade. It is requested that representatives of the Central Intelligence Agency with specific competence in the fields of base installations and requirements and the international political implications of overseas bases be assigned to the Study Group staff. I would suggest one full-time individual with specific designation of reinforcing experts.

2. The individual assigned should report to the Pentagon, Room 2A886, on 26 February 1968. A tentative target date for completion of the study has been set at mid-December 1968.

3. There will be additional requirements, as yet undetermined, for part-time assistance and consultation on matters under your purview. I will communicate these as well as travel funding estimates in the near future.

ROBERT J. WOOD
General, USA
